

I think that you can
do better than to take all
of it. I think the party
next to town would be the
best to buy but you can
do as you please you can
find out how much is due
so how much it will take to
pay to all up and then see
whether you can reach it
or not I shall send one hundred
dollars certain and if I live to
see another payday I shall send
another hundred so you can
tell pretty near how much you
will have to lay out do you
can please pay? send how the
money to do as you please with
it I would you to put your sales
do so and you will let me
give my love to Benjamin and family
tell them to write and not meet
far one for I don't get a chance every
day and when I do write we can't get
a stamp to put on the letter
so I must bid you good by
Write soon your obedient servant
E. Garrison
