KLINGER COAT OF ARMS

For the benefit of the Klinger family, I am printing herewith the Klinger Coat of Arms, which you will note is dated 1524. I have the original in my possession, which is printed on old glass. I obtained this from a friend, Kurt Vincentz, of Hanover, Germany. He obtained it in Heidelberg, near the birthplace of Johann Philip Klinger, who came from Paffenbeerfurth, and who arrived in this country in 1749, and settled near Klingerstown, Pa.
