THREE SENIORS HURT IN WRECK

Two Girls in Anderson Hospital Seriously Injured.

From St. John's Hospital at Anderson last night came the report that one of the three members of the 1936 Central High School graduating class who were injured there yesterday morning in an auto accident had been dismissed and that the conditions of the other two were "fairly good" and "good."

David McGilliard, 17, who suffered fractures of two left ribs, was dismissed and returned to the home of his mother, Mrs. Pauline McGilliard, 123 North Ohio avenue. He was the driver of the auto in which the other

two students were riding.

Miss Wilma Haas, 18, daughter of Mr. and Mrs. August Haas, 1927 East Seventeenth street, who sustained a dislocated vertebra and injuries at the base of the skull, was reported to be in "fairly good" condition.

Taxi Driver Being Held.

The most severely injured of the trio, Miss Sarah Sackett. 17, who suffered a concussion of the brain and lacerations about the body, was reposted to be in "fair" condition. She is the daughter of Mr. and Mrs. Thomas Sackett, 2813 South Monroe street.

Central avenue and Thirteenth street, Anderson, was the scene of the wreck, when the auto driven by McGilliard collided with a taxi driven by Roy Sanders of Middletown. Sanders is being held by Anderson police

pending investigation.

The crash happened only several hours after the three graduates received their diplomas at commencement exercises held at the fieldhouse. They went to the annual T. M. C. Club commencement dance following the exercises and left early for an auto ride. The car is owned by Guy Ogle, roomer at the McGilliard home. It was badly wrecked.
